

Level 5 Lifestyle Distributors Ltd

Capability Statement

Elevating Digital Excellence for the UK Public Sector

Company Overview

Level 5 Lifestyle Distributors Ltd is a UK digital services company. We build websites, web applications, and AI tools for public sector organisations, with a focus on work that is accessible, secure, and easy to maintain long-term.

We follow GDS service standards and WCAG 2.2 AA accessibility requirements throughout. All our projects are fixed-price and clients keep full ownership of the source code we write.

Core Service Areas

Council Websites	Mobile-first, accessible websites built to WCAG 2.2 AA. Fast to load, easy to update, with full source code handover.
Citizen-Facing Portals	Self-service forms and dashboards that take pressure off call centres and make it easier for residents to get things done online.
Internal Tools & Dashboards	Staff applications for reporting, case management, and operational data, built to work with whatever systems you already have.
Learning Platforms	Self-hosted learning management systems with unlimited users, progress tracking, and straightforward content management.
AI & Automation Consulting	We help identify where AI can genuinely save time or improve decisions, then build the tools to do it.
Legacy Modernisation	Phased replacement of legacy systems, planned carefully so things keep running throughout the migration.

Delivery Methodology

Our delivery follows five phases, aligned with GDS service standards:

Discovery	Alpha	Beta	Live & Handover	Ongoing Support
-----------	-------	------	-----------------	-----------------

Standards & Compliance

<p>WCAG 2.2 AA</p> <p>Accessibility considered throughout, using semantic HTML and tested with screen readers.</p>	<p>GDPR Compliant</p> <p>Privacy by design, with data minimisation and documented data flows.</p>	<p>Cyber Essentials</p> <p>Certification currently in progress.</p>	<p>Open Standards</p> <p>React, Node.js, PostgreSQL. No vendor lock-in and full source code ownership.</p>
---	--	--	---

Why Level 5

- Fixed-price contracts with no hidden costs
- Full source code ownership: everything we build is yours
- UK-based team, easy to reach and accountable
- Delivery built to GDS standards from the start
- SME size means you deal with senior people directly, not account managers
- Thorough handover documentation at every stage
